

EC Safety Information Sheet
in accordance with 91 / 155 / EWG

revised on 18.11.2017

Trade Name: <u>MAXIL GS Universal Carpet Cleaner</u>	
(continued from Page 1)	
<u>6 Measures after accidental Release</u>	
- Personal Precautions:	Not required
- Environmental measures:	Do not allow to enter wastewater system or open water.
- Method for Cleaning/Absorbing:	Absorb using fluid absorbing material (sand kieselgur, acid binders, universal binders, sawdust). Dispose of absorbed material in accordance with the regulations.
<u>7 Handling and Storage</u>	
- Handling:	
- Instructions for safe handling:	When used for intended purpose, no special measures necessary.
- Instructions for Fire and Explosion Protection:	No special measures necessary.
- Storage:	
- Requirements for storage rooms and containers:	No special requirements.
- Information on storage with other products:	Not required.
- Additional details for storage requirements:	None
- Storage classification:	Flammable liquid class: Not applicable
<u>8 Explosion Limitation and Personal Protective Equipment</u>	
- Additional Instructions	
Design of technical systems:	No further instructions, see Item 7.
- Personal Protective Equipment:	
General protective and hygiene measures:	Standard precautions when using chemicals are to be observed.
- Respiratory Protection:	Not required
- Hand Protection:	Not required
- Eye Protection:	Protective glasses are recommended when decanting.
<u>9 Physical and Chemical Properties</u>	
- Form:	liquid
- Colour:	yellowish
- Smell:	perfumed

EC Safety Information Sheet
in accordance with 91 / 155 / EWG

revised on 18.11.2017

Trade Name: <u>MAXIL GS Universal Carpet Cleaner</u>	
(continued from Page 2)	
	<u>Value / Range</u> <u>Unit Method</u>
- Changes of State:	
- Melting Point / Melting Range:	Not applicable
- Flash Point:	Not applicable
- Vapour Pressure (20°C)	Not applicable
- Density: at 20°C	1,00 g/cm ³
- Solubility / Miscibility with water:	completely miscible
- pH-Value:	at 20°C 8,4
- Viscosity	
- Dynamic:	at 20°C < 100 mPas
10 <u>Stability and Reactivity</u>	
- Thermal decomposition/conditions to avoid:	Stable when used in accordance with recommended regulations for storage and handling (see Item 7)
- Hazardous decomposition products:	No hazardous decomposition products known
11 <u>Toxicological Details</u>	
- Acute Toxicity:	
- Primary irritant effect:	
- to skin:	No irritant effect
- to eyes:	Weak irritant effect possible.
- Sensitization:	No sensitizing effect known.
- Additional toxicological instructions:	
<p>The product is – not subject to mandatory labelling– on the basis of the calculation method in the EC General Classification Guideline for Preparations in its latest issue.</p> <p>When the product is handled correctly and used for the intended purpose, our experience and the information we have show that it is not hazardous to health.</p> <p>This product is a preparation for which there is no empirically derived toxicological data.</p>
